CPAM UK are very fortunate to receive such a level of support from different organisations and important public figures. Special thanks also to the advisory board, the management committee and all the organisations who have a strong relationship with CPAM UK and continue to assist CPAM UK in going strength to strength.

CPAM UK's motto is "passion brings us together." It is by imparting this mindset and ideal that achievements shine through. It is a great delight that CPAM UK has once again been able to reach this level and standard, having just completed season 6.

This is CPAM UK's third publication. The process of constructing and scrutinising a publication can be a very lengthy practice, to ensure that satisfactory data, media and successes are published. Despite various environmental factors, including the 2020 pandemic, we managed to battle against all odds to ensure this publication could go ahead. Truthfully, the pandemic has fuelled us further and equipped us with the energy and drive necessary to not only complete our publication but to better ourselves.

CPAM UK would like to give recognition and praise to our sincere ongoing supporters. In particular, the International Cricket Council (ICC), England Cricket Board (ECB), Bangladesh Cricket Board (BCB) and Marylebone Cricket Club (MCC) have given us tremendous encouragement and endorsement, and they have been by our side on our journey.

CPAM UK are very fortunate to receive such a level of support from different organisations and important public figures. Special thanks also to the advisory board, the management committee and all the organisations who have a strong relationship with CPAM UK and continue to assist CPAM UK in going strength to strength.

Congratulations to every person who takes part in CPAM UK. Without you all none of this would be possible.

GREETINGS FROM PRESIDENT

Cricket Players Association of Moulvibazar UK was created to gather all the Moulvibazar based players living in the UK together. I am extremely proud to be apart of this wonderful organisation for the last 6 years and especially the last 2 years as President. Despite the recent pandemic, I have still tried to keep CPAM UK strong and together. Growing up in Moulvibazar, cricket had always been my strongest passion from a young age. I always enjoyed playing, organising and supporting cricket games whenever I could, and I will always continue to do this for the foreseeable future.

I would like to personally thank each and every one of the members, sponsors, associates and supporters of CPAM UK. Without them we would never have been able to reach the heights we have achieved today. Over the last 6 years we have achieved great success all thanks to everyone's efforts and willingness to drive this organisation forward.

In the upcoming years of CPAM UK, with the relentless support of everyone associated to this great organisation, we strive to reach even higher and achieve more success.

Thank you

I am thrilled at the news the Cricket Players Association Moulvibazar (CPAM UK) will be holding their Annual Award Ceremony this October. The work the organisations does within the Asian community is commendable.

I would like to praise all the members of the committee on a job well done. Bringing a positive outlook on the Asian community in the UK through sport. It Can't have been easy to balance everyday life and run the organisations successfully.

CPAM are playing an active role in promoting the sport of Cricket to the Asian community, providing a momentous platform for the young generation to showcase their talents. NOTES FROM THE SECRETARY

SYED ELAHI

Secretary
CPAM UK

I am honoured and also delighted to be serving as the secretary of the Cricket Players Association of Moulvibazar United Kingdom (CPAM UK).

CPAM UK journey began as a Whatsapp Group in 2015 called the 'Cricket Adda' created by myself with my fellow British Bangladeshi cricketer friends from Moulvibazar district, Bangladesh.

The primary objective was to bring all British

Bangladeshi cricketers under one umbrella, and to take some time out of our busy lives and start enjoying cricket again. This provided an opportunity for members of the community to reconnect through a common interest and passion for cricket. Through CPAM UK we provided support to underprivileged talented young cricketers in Moulvibazar and to nurture their talents sponsored various tournaments. The social aspect was also in mind hence aiding those affected by natural disasters. I am really proud that in recent years through CPAM UK we helped flood victims and provided aid packages to over 300 families affected by Covid pandemic.

CPAM UK has now prospered into a prominent organisation with members from across the country. The association ensures the

OVER THE YEARS, WE HAVE SUCCESSFULLY ORGANISED NUMEROUS CRICKET EVENTS AND TOURNAMENTS IN DIFFERENT LOCATIONS ALL OVER THE UK. DESPITE THE DIFFICULTIES CAUSED BY THE COVID-19 PANDEMIC, WE STILL MANAGED TO COMPLETE TWO MEGA-FRANCHISE TOURNAMENTS IN 2020 AND 2021 SEASONS.

development of cricketers and preserves the rich heritage of our composite culture.

Over the years, we have successfully organised numerous cricket events and tournaments in different locations all over the UK. Despite the difficulties caused by the COVID-19 pandemic, we still managed to complete two mega-franchise tournaments in 2020 and 2021 seasons.

We also organised many other charity cricket matches including an indoor tournament in memory of late Shahan Ahmed who was one of our founder member.

With each passing year since we began, CPAM UK is becoming increasingly successful, and I can proudly represent that CPAM UK has established itself as a success model for others to emulate.

Also getting together with fellow sports-loving society has brought us a rejuvenation in our day-to-day busy life and has promoted our physical activity and mental well-being.

I would like to thank my fellow committee members for your hard work and dedication which brought us this success and a special thanks to all the CPAM UK members, sponsors and well-wishers all over the world for your continuous support. I am confident that we will achieve new heights each progressing year with your continued enthusiasm.

CPAM UK

Cricket Players Association of Moulvibazar is an alliance of British Bangladeshi cricketers, known as CPAM UK.

It is an absolute pleasure to be part of such an enthralling organisation. I am amazed by outpouring of love, mutual respect, the brotherhood and the passion for cricket all of which are instantly felt when engaged with our members. As we continue to adhere to our slogan “passion brings us together” we continue to thrive and each year achieve new heights.

CPAM UK has given us a platform to mingle and at the same time an opportunity to catch up those missing years as some of us had left Moulvibazar much earlier than the others. Being associated with our members I feel rejuvenated. I witness the same in cricketers of my generation who I also played with in Moulvibazar in my youth and subsequently here in the UK.

I am proud to say, we are unique in many ways; we are probably the only association in the UK to facilitate internal franchise tournament which not only attract our members but also sponsors

and other cricket clubs. We are mostly amateur cricketers, many of us surpassed our cricketing peak in Bangladesh yet some amongst us still play league cricket and our emerging young cricketers continue to progress through the ranks. I sincerely hope that one day some of these youngsters will break into counties and represent England.

Our activities began in 2015 but we did not form Committee or held cricketing events until in the spring of 2016. Our members were and still are part of many small groups and clubs play cricket in their localities but CPAM UK has managed to bring everyone under one umbrella. Many would have thought this would have been near impossible given the logistical challenges but the word “passion” certainly played a major role in this success.

We followed the model of CPAM Sadar set up in Moulvibazar in 2007. While they concentrate on their activities in and around the region, our activities span across the UK and beyond. Our members often travel hundreds of miles to attend events; sacrifice day-offs and precious family time to fulfil commitments. We therefore

felt the need to expand our horizon to make us more accessible hence we continue to utilise our contacts and each year we add new venues and enrol new members.

We feel strongly about our root too. We understand how important it is to support the development of cricket and the community. Moulvibazar has a rich cricketing heritage and we are so very proud of this. We regularly produce excellent cricketers, some went onto become full internationals for Bangladesh. We would like to see this trend continue hence we sponsor at least one tournament every year and nurture young talents to reach their full potential. We also support our communities when there is a need; reaching out to the flood victims and those affected by the Covid-19 pandemic are some of the examples of our good works outside cricket.

We are a resilient bunch; our activities of past two seasons bear all the hallmarks. While the international community were down with the impact of Covid-19, we regrouped ourselves soon after the lockdown measures were eased. We successfully completed seasons with franchise tournaments and day events under exceptional circumstances. We had to restrict our membership numbers so that we can adhere to the NHS and the ECB guidance. We proved that we can safely and efficiently navigate any adversity may come our way. Being in and out of lockdown was very hard on everyone so to be able to hold events gave us greater satisfaction, more than ever before, at least for our mental well-being. I would like to express my sincere appreciation to our committee, each and every member, our sponsors and supporters for their commitment to help us achieve success.

Furthermore, we value the contributions of our forefathers who set up a cricketing platform for us and showed us the way forward. Without their guidance, to develop further and bring the cricket of Moulvibazar to the level where they are today would have been unimaginable. We therefore started to highlight their cricketing

career and their contributions in the sport. Over the past seasons we have been giving out 'lifetime achievement awards' and we would like to continue to give them the recognition they deserve. I am ever so grateful to CPAM UK for allowing me to take lead on this, incorporate and use resources from CricketMoulvibazar Facebook Community Group.

Being exposed to a variety of sports and having had an active lifestyle from a very young age, I always had sporting association hence colossal interest in local sporting personalities. Amongst many sports I played, cricket in particular was and always will be right at the top of my interest. I vividly remember my childhood years from playing in the neighbourhood in late 1970's to leading the first ever Moulvibazar District Team (Under-19) to take part in the National Championship in 1990. I also remember the years of mid 1990s in London when we struggled to field 11 players which made my friends and I determined to form Moulvibazar Cricket Club (MCC UK was established in the year 2000) and in this current phase involvement with CPAM UK where I served as joint convenor in the founding Committee in 2016 and subsequently as an Adviser.

With a full-time job and a busy social life there is never enough time to pursue an interest but thanks to the pandemic and subsequent lockdown that triggered a perfect opportunity I

was craving for some time. Although, none of us anticipated this coming our way but in lockdown we certainly found ourselves in a new regime and once precious time suddenly was in abundance to pursue hobbies etc. By spring 2020, during the midst of the lockdown, I remember mimicking to myself it is now or never.

In June 2020, CricketMoulvibazar Facebook Community Group was formed and it went live. It feels great to be able to reconnect and interact with fellow cricketers from around the world. This group is going from strength to strength and with active participation it is all great fun while maintaining social contact. A website plan was also declared so that we can preserve our rich cricketing heritage before our memories start to fade. Some of you would already know that work behind the scene is very much in progress and the dream of the website cricketmoulvibazar.com is soon to become a reality. I hope that this Facebook

Community Group and the Website will bridge the gap between cricketers of different generations and serve as a tool for cricket lovers to enrich and explore.

This is a massive project in which I am fully committed to. I would be happy to make use of my cricketing knowledge and experience that I acquired through my personal affiliation over four decades both in Bangladesh and in the United Kingdom. I have taken on board many fellow cricketers from around world who have pledged their full support and are already actively dedicating their time.

I happily accept the backing of CPAM UK and appreciate for valuing the concept of leaving a legacy for our future generations. I sincerely hope that as a cricketing community we stay focused and achieve many great things lead by the cricketers of Moulvibazar and right from here in England, the birth place of the sport we all love so much.

LOOKING BACK

Cricket has been my favorite sport since childhood. As a sports organizer, I was at one time the cricket secretary of the Moulvibazar District Sports Association. My friendship with the cricketers of that time is very deep.

After coming to the United Kingdom, we used to talk about cricket through a social media group. The idea of forming an organization with former cricketers of Moulvibazar district came through this group. Together with many others, the Cricket Players Association of Moulvibazar UK was formed in 2016.

I was given the responsibility of convenor by forming the organization. Through this organization, our aim was to organize sports together with the former cricketers of Moulvibazar in this country.

In addition to organizing the United Kingdom Games, the organization is working to develop cricket in Moulvibazar. Not only that, this organization of natural disasters in Bangladesh has stood by the victims. The organization has had many successes in the last six years.

I wish this organization continued success and I would like to express my sincere gratitude and thanks to everyone involved.

Thank you

MURAD AHMED

Founding Convenor
CPAM UK

It has been incredible to witness the transformation of CPAM UK over the last six years. I have been part of CPAM UK since its inception, starting as a joint convenor, to becoming the president and now, as a senior member, I continue to watch as the association grows. As I was accepting the role of president, I had the aim to take CPAM UK to the next level, ensuring recognition of the association throughout not only the whole of the UK, but also across the world. In my time, I hosted two gala dinners, with significant guests of honour. In the second gala dinner, I was able to bring to CPAM UK the prestigious ICC Cricket World Cup trophy for all to see, this was one of my proudest accomplishments. I also established the CPAM UK Magazine, to share all of our activities and achievements, as well as receive recognition from well known sports personalities and UK figures. During my presidency, I was able to work with amazing sponsors and friends, who supported and encouraged me. Overall, the prosperity of CPAM UK over the last 6 years has been down to all of our members, without whom we would not be here and successful today. It is due to their commitment, participation and proactivity that we continue.

Good luck to the current committee and all CPAM UK members, I pray we continue our wonderful journey together.

Thank you

ABDUS SALAM

Former President
CPAM UK

Greetings

I congratulate Cricket Players Association of Moulvibazar (CPAM UK) for successfully holding cricket tournaments year on year. It feels great to see cricketers of Moulvibazar have reunited here in Britain under one umbrella. I salute your enthusiasm; the love for your root and the commitment to the game is absolutely commendable.

I am so pleased to receive the lifetime achievement award, it means a lot to me. Sixty years ago, as a child, when I first started playing cricket in our beloved town I never imagined one day I will receive such an award and this too in the UK. Cricket like all of you were and still is a passion for me too. I was delighted to be able to come and watch you play early this year.

As a former cricketer I respect our alliance and proud to be associated with this organisation. I wish you many more successful years ahead.

With best wishes,

ABDUL MUSABBIR KHAN

Greetings

I would like to congratulate CPAM UK on the tremendous strides it has made over the past few years in reintroducing cricket into the lives of so many Bangladeshis in the UK; but more importantly in bringing our communities together.

The remarkable success of the events that CPAM UK has put together in the past, is a testament to the appetite for cricket within our communities and a sign of potential of what CPAM UK can become in the near future.

It was my privilege to be a sponsor of this organisation. I wish CPAM UK the greatest successes in the future.

With best wishes,

At the root of tomorrow's new enterprise

The activity of the Cricket Players Association of Moulvibazar (CPAM UK), is truly remarkable for the British Bangladeshi community. Cricket is the most popular sport in Bangladesh both on a domestic and international scale, becoming a part of the Bangladeshi cultural identity.

It is excellent to see that the CPAM recognises the importance of this sport for our society, as it is a celebration of talent, culture and community. It is an impressive way of developing a sense of community amongst fellow residents of Moulvibazar based on their passion and involvement in this incredible sport. On behalf of

the UKBCCI Midlands, I would like to congratulate the CPAM UK award winners and share my token of appreciation to the CPAM UK board for their enthusiastic work over the years.

May the CPAM UK go from strength-to-strength for all their future work.

Best Wishes,
