Cricket Players Association of Moulvibazar United Kingdom (CPAM UK) is a non-profit alliance of British Bangladeshi cricketers, who are originally from the district of Moulvibazar, Bangladesh. The journey began in 2015. The primary objective was to bring all British Bangladeshi cricketers under one umbrella, and take some time out of our busy lives to start enjoying cricket again. It has reconnected us to our passion for cricket. It has also promoted our mental health and physical activity in our day-to-day busy life.

With members from across the country CPAM UK has now prospered into a prominent organisation. The association ensures the development of cricketers and preserves the rich heritage of our culture.

Over the years, we have successfully organised numerous cricket tournaments and events in different locations all over the UK including London, Birmingham, Portsmouth, Cardiff and more. We also organised many other charity cricket matches and badminton tournaments.

We at CPAM UK, understand how important it is to support the development of cricket and the community back home. Moulvibazar has produced lots of great cricketers, some of which have broken into international cricket for Bangladesh. We sponsored many tournaments in Bangladesh to help young cricketers reach their full potential.

CPAM UK has always stood beside underprivileged cricketers in Moulvibazar when they have needed support for any sports equipment and medical treatment for themselves or their families. I am proud that throughout the years, CPAM UK has supported thousands of flood victim families and during the pandemic, we helped over 300 families.

This year we have completed our Season 8 with a huge successful cricket tournament. To celebrate this milestone we are organising an Award ceremony and a gala night and on this joyful occasion, we are launching the fifth edition of the magazine. The 'BEYOND THE BOUNDARY' vol-5. We will be recognising Teams, Players and inspirational individuals for their incredible achievements.

With each passing year, CPAM UK is reaching new heights, and I am honoured to representing it.

I would like to thank you all for trusting me with this publication project and I would also like to thank those who made it happen including well-wishers and promoters, without whom none of this would be possible Syed Mosrur, Kaiyum Khan, Minhajul Latif, M Alam Chowdhury, Wali Murad, Karim Rumel, Saqib Md, Numan Ahmed, Syed Sayem, Ab Juned, Manjur Murshed and Aklasul Momin.

Finally, I would like to dedicate this publication to all the players of Moulvibazar, past and present.

Founder Member, Former Secretary, Vice-President- CPAM UK

MESSAGE FROM **President**

It has been a terrific journey being part of this great organisation and definitely a source of pride being able to lead from the front. I am so very grateful to all our members for their dedication, participation and continued sacrifices that enabled us to complete yet another successful year. I congratulate the winners and the participants including team owners on their remarkable achievements.

This year, during Season-8, our Franchise Tournament involved six teams; held events in Cardiff, Portsmouth, London Chiswick, Birmingham and then the final in London Southgate. We also held a T20 Blast, at the back end of the season, with eight teams. We utilised the opportunity by inviting two teams from within our cricketing alliance; Chadder-ton CC, Manchester and Newport Royals, latter hosting the final event in Newport.

We continue to expand and take events to new regions. We trust this strengthens our brotherhood and create ideal opportunities to reconnect with our wider communities that spread across the UK. I extend my sincere gratitude to these two teams for their participation and desire for facilitating events.

Last year, we formed a partnership with the District Sports Association in Moulvibazar and sponsored team jersey for our colts, playing

in various age groups. This year we have also supported a few good causes through our benevolent funds where our cricketers and families were in need. These activities are so integral to our objectives that we hope will continue in the foreseeable future.

We are ever so grateful to our sponsors, patrons, supporters, well-wishers and online followers for their continued involvement and believing in us. Without their support our journey would have been impossible, so a huge thanks to all of them.

Finally, members are our lifeline, our pride and source of inspiration. Their wholehearted participation and commitment to engage our future generations will lay solid foundations. This will surely ensure future leadership which would be pivotal for our legacy.

I wish CPAM UK achieve more success and keep reaching new heights in the years ahead.

PATRON, CPAM UK

I am pleased to know that Cricket Players Association of Moulvibazar, United Kingdom, have organised yet another event to celebrate the success of Season-8. I am amazed at their dedication and the passion for cricket. It must be difficult enough to find time to organise tournaments locally but to hold multiple events nationwide every year and then hold award events of such magnitude to present their works to the wider community is truly admirable.

I have witnessed both their good works and growth very closely from my involvement over the years. This organisation has proven that it is not just about playing a game of cricket but also ensuring support in their root for the development of cricket and fulfilling social obligations through their charitable works in Bangladesh.

Last year, they have recognised me as one of their patrons and I am so very pleased with this. I continue to offer my support for the tremendous works they do and I sincerely hope it reaches new altitudes year on year.

The work the organisation does within the Asian community is highly praiseworthy. CPAM UK are playing an active role in promoting the sport of Cricket to the Asian community, providing a significant platform for the young generation to nurture their talents. MESSAGE FROM **Secretary**

What a great honour to celebrate the end of the Cricket Players Association of Moulvibazar UK Season 8 Franchise Tournament 2023 as we continue our motto of "Passion Brings Us Together".

In our annual magazine, I extend heartfelt thanks to all members, players, supporters, and volunteers. Your dedication to cricket enriches our association. Together, we've created memorable moments and nurtured the spirit of the game. Here's to another year of success and camaraderie on the cricket field.

CPAM UK joyously unveils its glorious Season 8 in 2023. Guided by the mantra "Passion Unites," our odyssey embarked in 2015, blossoming into a formidable bastion and a harmonious alliance, all catalyzed by the unwavering ardour, unyielding resolve, and unwavering allegiance of our dedicated members, fervent supporters, and generous sponsors. Season 8 dazzled with six unmissable events uniting cricket aficionados. It all began with a virtual extravaganza on May 8, 2023, and culminated in a thrilling Semi-final and Final in Southgate London on August 14. In between, we journeyed through Cardiff, Portsmouth, Birmingham, Southgate London, and Chiswick London, creating unforgettable memories.

CPAM UK also hosted for the first time one of the largest tournaments ever, the T20 Blast 2023 Tournament in London, where eight teams, including from Newport and Manchester, showcased their cricketing prowess on 31st July and 29th August 2023.

Apart from the events, CPAM UK recognized the success of Season 7 with an award program. Our motto is clear: We aim to advance the sport of cricket and contribute to the development of this beloved game.

We have a great relationship with CPAM UK

Shadar and we encourage players to better themselves by motivating them to represent Bangladesh. We continue sponsoring CPAM Shadar to go from strength to strength. We have also recently sponsored a Badminton Tournament powered by CPAM UK to further celebrate our love of sports.

As we celebrate our journey, we remember those dear brothers who have passed away and have been important members of our association. Of our founding members, we lost Shahan, to cancer. We also sadly lost some of our sponsors and well-wishers, all of whom we will always remember and make duas for. We are very thankful to them for their dedication and hard work in supporting us. We hope for their eternal peace in Jannatul Ferdous. Ameen.

CPAM UK tries it's best to assist people who have been diagnosed with cancer or other illnesses by helping patients with treatments.

As my tenure as secretary comes to an end, I am filled with gratitude. The past year has been a journey of teamwork, passion, and unforgettable cricket moments. I'm proud to have served this association. Let's continue to celebrate the spirit of cricket in the years to come.

Thank you.

CARDIFF CHALLENGERS

Cardiff Challengers started Season 8 as one of the strongest teams on paper. However, things on the field did not quite click for them. Cardiff was unfortunate and lost a few close games where the results could have

gone either way. Mahin Khan enjoyed his first season with CPAM UK scoring 158 runs & picking up 5 wickets in five matches. Cardiff will surely bounce back next season with a strong response.

This was their 2nd outing in our franchise tournament for the Midland based team. Titans' owner Aklasul Momin is a successful entrepreneur who is also dedicated member as well as a senior advisor to CPAM UK. Rayhanur Rabby was entrusted with the responsibility of leading the side. Titan's sole win came during the final group

stage game against Cardiff Challengers. Jibon Alamin was their most prolific batter scoring 179 in five matches. Their local youngster, Masud Ahmed, took 8 wickets in five matches to be the highest wicket takers for the team. Titans will surely address their shortcomings in Season 8 and entertain us with some brilliant cricket next season.

UNBEATEN ELEVEN

Unbeaten is one of the most prestigious cricket clubs from Moulvibazar. Team Unbeaten Eleven UK is co-owned by the founder Secretary of CPAM UK, as well as our current senior Vice-president Numan Ahmed Doel, and Organising Secretary LR Chowdhury Raju. Unbeaten had drafted a strong side this year, led by CPAM UK veteran Habibur Rahman Porag, who is well known for his accurate line and length. Rahat Quadir scored 160 runs in five matches and also took 9 wickets, both being the highest in

batting and joint highest in bowling with LR Raju. Minhajul Latif Moni scored the second-highest for the team, with 158 runs in six matches. Unbeaten finished fourth on the table and faced the group champion RR Ryders in the semifinal. In an intense match, RR Ryders chased down the 136 runs posted by Unbeaten in the last over of the match with only four wickets to spare. Thanks to a brilliant cameo from AB Juned, who scored 15 off just 6 balls, guiding RR Ryders into the final.

AA Challengers won the title last year. The central London based team is owned by one of the most reliable wicket keeper batsmen of CPAM UK, Imran Azzan with co-owner Muhibur Rahman Raju, a successful young businessman. Saqib Md was given the responsibility of leading the defending champions. AA finished 3rd in the table to book a semi-final encounter with 2nd placed Tottenham Sports Club. However, their dream of

winning 2nd consecutive title came to an end after losing to Tottenham in a hardly contested semi-final. Jaber Ruhel was the highest run scorer for AA, 160 from six matches, including a ton against Unbeaten Eleven and Syed Rafi also had a season to remember picking up 12 wickets in total including an outstanding figure of 6/41 during the group stage match against RR Ryders.

Bonding With Our Next Generation

We at CPAM UK is not only busy with cricket for adults but we are also involved in many fronts, especially to empower our future generation. With this objective in mind, we organise various activities so that children feel part of this journey and walk the path with us. Children in the UK are generally very much attracted to football, rugby etc. so to engage them in activities such as athletics and art and culture gives them a different perspective. Over the course of season-8, we were bless-

ed with some beautiful weathers so we were able to utilize three events by giving them opportunities to participate in 50-meter sprint, tag race and cricket ball throwing. We also organise an art competition at our annual award ceremony. The theme of this competition is generally kept at our independence and heritage. This gives our children an opportunity to learn about the culture, history, heritage

and natural beauties of Bangladesh. Our art competition has become so popular that to accommodate and make it fair for all the participants last year we introduced age categories. We

strongly feel that it is paramount to engage our children so that they are exposed to the environment early and eventually become fully involved and take lead to keep the love and passion for cricket alive.

**// Empowering Cricketers, Enriching Lives:
Together We Play, Together We Care. //**

The Cricket Players Association of Moulvibazar UK, stands as a shining beacon of hope and compassion in the world of cricket. This remarkable organisation goes above and beyond the call of duty by extending its support and generosity to cricketers who are less privileged and individuals in need throughout Bangladesh. Our multifaceted approach encompasses a wide range of activities, including healthcare initiatives and financial support, all aimed at making a positive impact on the lives of those we serve.

One of the most commendable aspects of the Cricketers Players Association is our commitment to addressing the healthcare needs of the less fortunate in Bangladesh. They understand that good health is the cornerstone of a prosperous life. The Association extends financial support to cricketers who are facing financial hardships. They recognise that pursuing a career in cricket can be financially challenging, especially for those without the means to support themselves and their families. Through scholarships, stipends, and financial aid, we empower aspiring cricketers to continue pursuing their dreams without the burden of financial constraints.

Beyond our work with cricketers, the Cricketers Players Association also actively engages with the broader community to address various needs. They aid individuals and families facing financial crises, helping them regain

their footing and lead dignified lives.

In a world where sports organizations are often criticized for their focus on profits, the Cricketers Players Association in Moulvibazar sets a heartwarming example of how sports can be a powerful tool for positive change. Our dedication to improving the lives of the less privileged and their unwavering support for aspiring cricketers serve as an inspiration to us all. We believe that sports, when driven by compassion and a sense of social responsibility, can truly transform communities and uplift the human spirit.

I'm so humble and thankful to CPAM UK, for giving me the opportunity to promote this charity organisation "The Syed Tarshed Hussain Foundation".

The Syed Tarshed Hussain Foundation is a non profit-able organisation based in Bekamura, Moulvibazar. It beacon of hope in the district of Bangladesh, dedicated to supporting those in need, particularly in the realm of education. This commendable organization extends a helping hand to individuals requiring financial assistance to pursue their education.

They understand that education is a key driver of empowerment and progress and are committed to removing financial barriers that may hinder aspiring students. Through their philanthropic efforts, the foundation not only offers hope but also enables a brighter future for countless individuals in the Moulvibazar district, making a lasting impact on education and the community. Every year the Syed Tarshed Hossain Foundation provides talented students from class 8 scholarships to allow them to achieve their dreams and future goals.
